§ 701.1 Administration.

(a) Subject to the availability of funds, this part provides the terms, conditions and requirements of the Emergency Conservation Program (ECP) administered by the Farm Service Agency (FSA).

(b) ECP is administered by the Administrator, FSA through the Deputy Administrator, FSA, and shall be carried out in the field by State and county FSA committees (State and county committees), subject to the availability of funds. Except as otherwise provided in this rule, discretionary determinations to be made under this rule will be made by the Deputy Administrator. Matters committed to the discretion of the Deputy Administrator shall be considered in all cases to be permissive powers and no person shall, under any circumstances, be considered to be entitled to an exercise of such power in their favor.

(c) State and county committees, and representatives and employees, do not have authority to modify or waive any regulations in this part.

(d) The State committee may take any action authorized or required of the county committee by this part, but which the county committee has not taken, such as:

(1) Correct or require a county committee to correct any action taken by such county committee that is not in accordance with this part; or

(2) Require a county committee to withhold taking any action that is not in accordance with this part.

(e) No provision or delegation herein to a State or county committee shall

§ 701.2

7 CFR Ch. VII (1–1–07 Edition)

preclude the Administrator, FSA, or a designee, from determining any question arising under the program or from reversing or modifying any determination made by a State or county committee.

(f) The Deputy Administrator may authorize State and county committees to waive or modify deadlines and other requirements in cases where lateness or failure to meet such other requirements does not adversely affect the operation of the program.

(g) The Deputy Administrator may limit the authority of state and county committees to approve cost share in excess of specified amounts.

(h) Data furnished by the applicants will be used to determine eligibility for program benefits. Furnishing the data is voluntary; however, the failure to provide data could result in program benefits being withheld or denied.

(i) FSA may consult with any other USDA agency for such assistance as is determined by FSA to be necessary to implement the ECP. FSA is responsible for the technical aspects of ECP but may enter into a Memorandum of Agreement with another party to provide technical assistance. If this limitation results in significant hardship to producers in a county the State committee may request in writing that the Deputy Administrator waive this requirement for that county.

(j) The provisions in this part shall not create an entitlement in any person to any ECP cost share or claim or any particular notice or form or procedure.

(k) Additional terms and conditions may be set forth in the application or the forms participants will be required to sign for participation in the ECP.

§ 701.2 Definitions.

(a) The terms defined in part 718 of this chapter shall be applicable to this part and all documents issued in accordance with this part, except as otherwise provided in this section.

(b) The following definitions shall apply to this part:

Agricultural producer means an owner, operator, or tenant of a farm or ranch used to produce for food or fiber, crops (including but not limited to, grain or row crops; seed crops; vegetables or

fruits; hay forage or pasture; orchards or vineyards; flowers or bulbs; or field grown ornamentals) or livestock (including but not limited to, dairy or beef cattle; poultry; swine; sheep or goats; fish or other animals raised by aquaculture; other livestock or fowl) for commercial production. Producers of animals raised for recreational uses only are not considered agricultural producers.

Annual agricultural production means production of crops for food or fiber in a commercial operation that occurs on an annual basis under normal conditions.

Applicant means a person who has submitted to FSA a request to participate in the ECP.

Cost-share payment means the payment made by FSA to assist a program participant under this part to establish practices required to address qualifying damage suffered in connection with a qualifying disaster.

Deputy Administrator means the Deputy Administrator for Farm Programs, FSA, the ECP Program Manager, or designee.

Farmland means land devoted to agricultural production, including land used for aquaculture, or other land as may be determined by the Deputy Administrator.

Program year means the applicable Federal fiscal year.

§ 701.3 Scope.

(a) FSA will provide cost-share assistance to farmers and ranchers to rehabilitate farmland damaged by wind erosion, floods, hurricanes, or other natural disasters as determined by the Deputy Administrator, and to carry out emergency water conservation measures during periods of severe drought.

(b) The objective of the ECP is to make cost-share assistance available to eligible participants on eligible land for certain practices, to rehabilitate farmland damaged by floods, hurricanes, wind erosion, or other natural disasters, and for the installation of water conservation measures during periods of severe drought.

(c) Payments may also be made under this part for:

Farm Service Agency, USDA

§ 701.5

(1) Emergency water conservation or water enhancement measures (including measures to assist confined livestock) during periods of severe drought; and

(2) Floodplain easements for runoff and other emergency measures that the Deputy Administrator determines is necessary to safeguard life and property from floods, drought, and the products of erosion on any watershed whenever fire, flood, or other natural occurrence is causing or has caused, a sudden impairment of the watershed.

(d) Payments under this part are subject to the availability of appropriated funds and any limitations that may otherwise be provided for by Congress.

§ 701.4 Producer eligibility.

(a) To be eligible to participate in the ECP the Deputy Administrator must determine that a person is an agricultural producer with an interest in the land affected by the natural disaster, and that person must be liable for or have paid the expense that is the subject of the cost share. The applicant must be a landowner or user in the area where the qualifying event has occurred, and must be a party who will incur the expense that is the subject of the cost share.

(b) Federal agencies and States, including all agencies and political subdivisions of a State, are ineligible to participate in the ECP.

(c) All producer eligibility is subject to the availability of funds and an application may be denied for any reason.

§ 701.5 Land eligibility.

(a) For land to be eligible, the Deputy Administrator must determine that land that is the subject of the cost share:

(1) Will have new conservation problems caused as a result of a natural disaster that, if not treated, would:

(i) Impair or endanger the land;

(ii) Materially affect the productive capacity of the land;

(iii) Represent unusual damage that, except for wind erosion, is not of the type likely to recur frequently in the same area; and

(iv) Be so costly to repair that Federal assistance is or will be required to return the land to productive agricul-

tural use. Conservation problems existing prior to the disaster are not eligible for cost-share assistance.

(2) Be physically located in a county in which the ECP has been implemented; and

(3) Be one of the following:

(i) Land expected to have annual agricultural production,

(ii) A field windbreak or a farmstead shelterbelt on which the ECP practice to be implemented involves removing debris that interferes with normal farming operations on the farm and correcting damage caused by the disaster; or

(iii) A farm access road on which debris interfering with the normal farming operation needs to be removed.

(b) Land is ineligible for cost share if the Deputy Administrator determines that it is, as applicable:

(1) Owned or controlled by the United States;

(2) Owned or controlled by States, including State agencies or other political subdivisions of a State;

(3) Protected by a levee or dike that was not effectively and properly functioning prior to the disaster, or is protected, or intended to be protected, by a levee or dike not built to U.S. Army Corps of Engineers, NRCS, or comparable standards;

(4) Adjacent to water impoundment reservoirs that are subject to inundation when the reservoir is filled to capacity;

(5) Land on which levees or dikes are located;

(6) Subject to frequent damage or susceptible to severe damage according to paragraph (c) of this section;

(7) Subject to flowage or flood easements and inundation when water is released in normal operations;

(8) Between any levee or dike and a stream, river, or body of water, including land between two or more levees or dikes;

(9) Located in an old or new channel of a stream, creek, river or other similar body of water, except that land located within or on the banks of an irrigation canal may be eligible if the Deputy Administrator determines that the canal is not a channel subject to flooding;

§§ 701.6–701.9

7 CFR Ch. VII (1–1–07 Edition)

(10) In greenhouses or other confined areas, including but not limited to, land in corrals, milking parlors, barn lots, or feeding areas;

(11) Land on which poor farming practices, such as failure to farm on the contour, have materially contributed to damaging the land;

(12) Unless otherwise provided for, not considered to be in annual agricultural production, such as land devoted to stream banks, channels, levees, dikes, native woodland areas, roads, and recreational uses; or

(13) Devoted to trees including, but not limited to, timber production.

(c) To determine the likely frequency of damage and of the susceptibility of the land to severe damage under paragraph (b)(6) of this section, FSA will consider all relevant factors, including, but not limited to, the location of the land, the history of damage to the land, and whether the land was or could have been protected by a functioning levee or dike built to U. S. Army Corps of Engineers, NRCS, or comparable standards. Further, in making such determinations, information may be obtained and used from the Federal Emergency Management Agency or any other Federal, State (including State agencies or political subdivisions), or other entity or individual providing information regarding, for example, flood susceptibility for the land, soil surveys, aerial photographs, or flood plain data or other relevant information.

§§ 701.6–701.9 [Reserved]

§ 701.10 Qualifying minimum cost of restoration.

(a) To qualify for assistance under § 701.3(a), the eligible damage must be so costly that Federal assistance is or will be required to return the land to productive agricultural use or to provide emergency water for livestock.

(b) The Deputy Administrator shall establish the minimum qualifying cost of restoration. Each affected State may be allowed to establish a higher minimum qualifying cost of restoration.

(c) A producer may request a waiver of the qualifying minimum cost of restoration. The waiver request shall document how failure to grant the waiver

will result in environmental damage or hardship to the producer and how the waiver will accomplish the goals of the program.

[69 FR 10302, Mar. 4, 2004; 69 FR 22377, Apr. 26, 2004]

§ 701.11 Prohibition on duplicate payments.

(a) *Duplicate payments.* Participants are not eligible to receive funding under the ECP for land on which the participant has or will receive funding under:

(1) The Wetland Reserve Program (WRP) provided for in 7 CFR part 1467;

(2) The Emergency Wetland Reserve Program (EWRP) provided for in 7 CFR part 623;

(3) The Emergency Watershed Protection Program (EWP), provided for in 7 CFR part 624, for the same or similar expenses.

(4) Any other program that covers the same or similar expenses so as to create duplicate payments, or, in effect, a higher rate of cost share than is allowed under this part.

(b) *Refund.* Participants who receive any duplicate funds, payments, or benefits shall refund any ECP payments received.

[69 FR 10302, Mar. 4, 2004, as amended at 71 FR 30265, May 26, 2006]

§ 701.12 Eligible ECP practices.

(a) Cost-share assistance may be offered for ECP practices to replace or restore farmland, fences, or conservation structures to a condition similar to that existing before the natural disaster. No relief under this part shall be allowed to address conservation problems existing before the disaster.

(b) The practice or practices made available when the ECP is implemented shall be only those practices authorized by FSA for which cost-share assistance is essential to permit accomplishment of the program goals.

(c) Cost-share assistance may be provided for permanent vegetative cover, including establishment of the cover where needed, only in conjunction with eligible structures or installations where cover is needed to prevent erosion and/or siltation or to accomplish some other ECP purpose.

Farm Service Agency, USDA

§ 701.21

(d) Practice specifications shall represent the minimum levels of performance needed to address the ECP need.

§ 701.13 Submitting requests.

(a) Subject to the availability of funds, the Deputy Administrator shall provide for an enrollment period for submitting ECP cost-share requests.

(b) Requests may be accepted after the announced enrollment period, if such acceptance is approved by the Deputy Administrator and is in accordance with the purposes of the program.

§ 701.14 Onsite inspections.

An onsite inspection must be made before approval of any request for ECP assistance.

§ 701.15 Starting practices before cost-share request is submitted; non-entitlement to payment; payment subject to the availability of funds.

(a) Subject to paragraphs (b) and (c) of this section, costs will not be shared for practices or components of practices that are started before a request for cost share under this part is submitted with the applicable county FSA office.

(b) Costs may be shared for drought and non-drought ECP practices or components of practices that are started before a request is submitted with the county FSA office, only if:

(1) Considered and approved on a case-by-case basis in accordance with instructions of the Deputy Administrator;

(2) The disaster that is the basis of a claim for cost-share assistance created a situation that required the producer to take immediate action to prevent further losses;

(3) The Deputy Administrator determines that the request for assistance was filed within a reasonable amount of time after the start of the enrollment period; and

(4) The practice was started no more than 60 days before the ECP designation was approved for the applicable county office.

(c) Any action taken prior to approval of a claim is taken at the producer's own risk.

(d) An application for relief may be denied for any reason.

(e) All payments under this part are subject to the availability of funds.

§ 701.16 Practice approval.

(a) Requests shall be prioritized before approval based on factors deemed appropriate by FSA, which include, but are not limited to:

- (1) Type and degree of damage;
- (2) Type of practices needed to address the problem;
- (3) Availability of funds;
- (4) Availability of technical assistance;
- (5) Environmental concerns;
- (6) Safety factors; or
- (7) Welfare of eligible livestock.

(b) Requests for cost-share assistance may be approved if:

- (1) Funds are available; and
- (2) The requested practice is determined eligible.

§§ 701.17-701.20 [Reserved]

§ 701.21 Filing payment application.

Cost-share assistance is conditioned upon the availability of funds and the performance of the practice in compliance with all applicable specifications and program regulations.

(a) *Completion of practice.* After completion of the approved practice, the participant must certify completion and request payment by the payment request deadline. FSA will provide the participant with a form or another manner to be used to request payment.

(b) *Proof of completion.* Participants shall submit to FSA, at the local county office, the information needed to establish the extent of the performance of approved practices and compliance with applicable program provisions.

(c) *Payment request deadline.* The time limits for submission of information shall be determined by the Deputy Administrator. The payment request deadline for each ECP practice will be provided in the agreement after the application is approved. Time limits may be extended where failure to submit required information within the applicable time limits is due to reasons beyond the control of the participant.

§ 701.22

7 CFR Ch. VII (1–1–07 Edition)

§ 701.22 Eligibility to file for cost-share assistance.

Any eligible participant, as defined in this part, who paid part of the cost of an approved practice may file an application for cost-share payment.

§ 701.23 Eligible costs.

(a) Cost-share assistance may be authorized for all reasonable costs incurred in the completion of the practice, up to the maximums provided in §§ 701.26 and 701.27.

(b) Eligible costs shall be limited as follows:

(1) Costs for use of personal equipment shall be limited to those incurred beyond the normal operation of the farm or ranch.

(2) Costs for personal labor shall be limited to personal labor not normally required in the operation of the farm or ranch.

(3) Costs for the use of personal equipment and labor must be less than that charged for such equipment and labor by commercial contractors regularly employed in such areas.

(4) Costs shall not exceed those needed to achieve the minimum performance necessary to resolve the problem being corrected by the practice. Any costs above those levels shall not be considered to be eligible costs for purposes of calculations made under this part.

(c) Costs shall not exceed the practice specifications in § 701.12(d) for cost-share calculations.

(d) The gross amount on which the cost-share eligibility may be computed will not include any costs that were reimbursed by a third party including, but not limited to, an insurance indemnity payment.

(e) Total cost-share payments from all sources shall not exceed the total of eligible costs of the practice to the applicant.

§ 701.24 Dividing cost-share among more than one participant.

(a) For qualifying cost-share assistance under this part, the cost shall be credited to the participant who personally performed the practice or who paid to have it performed by a third party. If a payment or credit was made by one participant to another potential partic-

ipant, paragraph (c) of this section shall apply.

(b) If more than one participant contributed to the performance of the practice, the cost-share assistance for the practice shall be divided among those eligible participants in the proportion they contributed to the performance of the practice. FSA may determine what proportion was contributed by each participant by considering the value of the labor, equipment, or material contributed by each participant and any other factors deemed relevant toward performance.

(c) Allowance by a participant of a credit to another participant through adjustment in rent, cash or other consideration, may be considered as a cost of a practice to the paying party only if FSA determines that such credit is directly related to the practice. An applicant who was fully reimbursed shall be considered as not having contributed to the practice performance.

§ 701.25 Practices carried out with aid from ineligible persons.

Any assistance provided by someone other than the eligible participant, including assistance from a State or Federal agency, shall be deducted from the participant's total costs incurred for the practice for the purpose of computing ECP cost shares. If unusual conditions exist, the Deputy Administrator may waive deduction of such contributions upon a request from the State committee and demonstration of the need for such a waiver.

§ 701.26 Maximum cost-share percentage.

(a) In addition to other restrictions that may be applied by FSA, an ECP participant shall not receive more than 75 percent of the lesser of the participant's total actual cost or of the total allowable costs, as determined by this part, to perform the practice.

(b) However, notwithstanding paragraph (a) of this section, a qualified limited resource producer that participates in the ECP may receive no more than 90 percent of the participant's actual cost to perform the practice or 90 percent of the total allowable costs for the practice as determined under this part.

Farm Service Agency, USDA

§ 701.36

(c) In addition to other limitations that apply, in no case shall the ECP payment exceed 50 percent of what the Deputy Administrator has determined is the agricultural value of the affected land.

§ 701.27 Maximum ECP payments per person.

A person, as defined in part 1400 of this title, is limited to a maximum cost-share of \$200,000 per person, per disaster.

§§ 701.28–701.30 [Reserved]

§ 701.31 Maintenance and proper use of practices.

(a) Each participant receiving cost-share assistance is responsible for the required maintenance and proper use of the practice. Some practices have an established life span or minimum period of time during which they are expected to function as a conservation practice with proper maintenance. Cost-share assistance shall not be authorized for normal upkeep or maintenance of any practice.

(b) If a practice is not properly maintained for the established life span, the participant may be required to refund all or part of cost-share assistance received. The Deputy Administrator will determine what constitutes failure to maintain a practice and the amount that must be refunded.

§ 701.32 Failure to comply with program provisions.

Costs may be shared for performance actually rendered even though the minimum requirements otherwise established for a practice have not been satisfied if a reasonable effort was made to satisfy the minimum requirements and if the practice, as performed, will adequately address the need for the practice.

§ 701.33 Death, incompetency, or disappearance.

In case of death, incompetency, or disappearance of any participant, any cost-share payment due shall be paid to the successor, as determined in accordance with part 707 of this chapter.

§ 701.34 Appeals.

Part 11 of this title and part 780 of this chapter apply to determinations made under this part.

§ 701.35 Compliance with regulatory measures.

Participants who perform practices shall be responsible for obtaining the authorities, permits, rights, easements, or other approvals necessary to the performance and maintenance of the practices according to applicable laws and regulations. The ECP participant shall be wholly responsible for any actions taken with respect to the project and shall, in addition, be responsible for returning and refunding any ECP cost shares made, where the purpose of the project cannot be accomplished because of the applicants' lack of clearances or other problems.

§ 701.36 Schemes and devices and claims avoidances.

(a) If FSA determines that a participant has taken any action designed to defeat, or has the effect of defeating, the purposes of this program, the participant shall be required to refund all or part of any of the program payments otherwise due or paid that participant or related person for that particular disaster. These actions include, but are not limited to, failure to properly maintain or deliberately destroying a practice and providing false or misleading information related to practices, costs, or arrangements between entities or individuals that would have an effect on "person" determinations made under this part.

(b) All or any part of cost-share assistance that otherwise would be due any participant may be withheld, or required to be refunded, if the participant has adopted, or participated in, any scheme or device designed to evade the maximum cost-share limitation that applies to the ECP or to evade any other requirement or provision of the program or this part.

(c) If FSA determines that a participant has employed any scheme or device to deprive any other person of cost-share assistance, or engaged in any actions to receive payments under this part that also were designed to avoid claims of the United States or its

§ 701.37

instrumentalities or agents against that party, related parties, or third parties, the participant shall refund all or part of any of those program payments paid to that participant for the project.

(d) For purposes of this section, a scheme or device can include, but is not limited to, instances of coercion, fraud, or misrepresentation regarding the claim for ECP assistance and the facts and circumstances surrounding such claim.

(e) A participant who has knowingly supplied false information or filed a false claim shall be ineligible for cost-share assistance related to the disaster for which the false information was filed, or for any period of time FSA deems appropriate. False information or a false claim includes, but is not limited to, a request for payment for a practice not carried out, a false billing, or a billing for practices that do not meet required specifications.

§ 701.37 Loss of control of the property during the practice life span.

In the event of voluntary or involuntary loss of control of the land by the ECP cost-share recipient during the practice life-span, if the person acquiring control elects not to become a successor to the ECP agreement and the practice is not maintained, each participant who received cost-share assistance for the practice may be jointly and severally liable for refunding any ECP cost-share assistance related to that practice. The practice life span, for purposes of this section, includes any maintenance period that is essential to its success.

§§ 701.38–701.40 [Reserved]

§ 701.41 Cost-share assistance not subject to claims.

Any cost-share assistance or portion thereof due any participant under this part shall be allowed without regard to questions of title under State law, and without regard to any claim or lien against any crop or property, or proceeds thereof, except liens and other claims of the United States or its instrumentalities. The regulations governing offsets and withholdings at parts 792 and 1403 of this title shall be

7 CFR Ch. VII (1–1–07 Edition)

applicable to this program and the provisions most favorable to a collection of the debt shall control.

§ 701.42 Assignments.

Participants may assign ECP cost-share assistance payments, in whole or in part, according to part 1404 of this title.

§ 701.43 Information collection requirements.

Information collection requirements contained in this part have been approved by the Office of Management and Budget under the provisions at 44 U.S.C. Chapter 35 and have been assigned OMB Number 0560–0082.

§ 701.44 Agricultural Conservation Program (ACP) contracts.

Contracts for ACP that are, or were, administered under this part or similar contracts executed in connection with the Interim Environmental Quality Incentives Program, shall, unless the Deputy Administrator determines otherwise, be administered under, and be subject to, the regulations for ACP contracts and the ACP program that were contained in the 7 CFR, parts 700 to 899, edition revised as of January 1, 1998, and under the terms of the agreements that were entered into with participants.

§ 701.45 Forestry Incentives Program (FIP) contracts.

The regulations governing the FIP as of July 31, 2002, and contained in the 7 CFR, parts 700 to 899, edition revised as of January 1, 2002, shall continue to apply to FIP contracts in effect as of that date, except as provided in accord with a delegation of the administration of that program and such delegation and actions taken thereunder shall apply to any other FIP matters as may be at issue or in dispute.

§ 701.50 2005 hurricanes.

In addition benefits elsewhere allowed by this part, claims related to calendar year 2005 hurricane losses may be allowed to the extent provided for in §§ 701.50 through 701.57. Such claims under those sections will be limited to losses in counties that were

Farm Service Agency, USDA

§ 701.54

declared disaster counties by the President or the Secretary because of 2005 hurricanes and to losses to oyster reefs. Claims under §§ 701.51 through 701.57 shall be subject to all normal ECP limitations and provisions except as explicitly provided in those sections.

Barn means a structure used for the housing of animals or farm equipment.

Commercial forest land means forest land with trees intended to be harvested for commercial purposes that has a productivity potential greater than or equal to 20 cubic feet per year of merchantable timber.

Date of loss means the date the hurricane damage occurred in calendar year 2005.

Eligible county means any county that was declared a disaster county by the President or the Secretary because of a calendar year 2005 hurricane, that otherwise meets the eligibility requirements of this part.

Forest management plan means a plan of action and direction on forest lands to achieve a set of results usually specified as goals or objectives consistent with program policies prepared or approved by a natural resource professional, such as a State forestry agency representative.

Poultry house means a building used to house live poultry for the purpose of commercial food production.

Private non-industrial forest land means rural commercial forest lands with existing tree cover, or which are suitable for growing trees, that are owned by a private non-industrial forest landowner as defined in this section.

Private non-industrial forest landowner means, for purposes of the ECP for forestry, an individual, group, association, corporation, Indian tribe, or other legal private entity owning non-industrial private forest land or who receives concurrence from the landowner

for making the claim in lieu of the owner, and for practice implementation and who holds a lease on the land for a minimum of 10 years. Owners or lessees principally engaged in the primary processing of raw wood products are excluded from this definition. Owners of land leased to lessees who would be excluded under the previous sentence are also excluded.

Shade house means a metal or wood structure covered by a material used for shade purposes.

§ 701.54 Oysters.

(a) Notwithstanding § 701.5(b), but otherwise subject to the other eligibility provisions of this part except as provided explicitly in this section, assistance may be made available under this section for the eligible cost of refurbishing public or private oyster reefs damaged in calendar year 2005 by a 2005 hurricane.
